product information online

**Combining triple-mics that cancel noise and wind, voice commands, and Smart Sensor™ technology,** Voyager Legend understands how and when you want to talk. Voyager Legend even announces who's calling and lets you say "Answer" to take the call. With technology this advanced, Voyager Legend is the first truly intelligent Bluetooth® headset.

## KEY FEATURES

- Smart Sensor™ technology intuitively directs calls to your phone or headset, pauses music for incoming calls, and allows you to automatically answer by simply placing the headset on your ear
- Multi microphones optimize your voice and minimise noise caused by wind, movement, and background sounds
- Tap the voice button to check battery level, connection status, or dial Vocalyst® to hear emails, newsfeeds, and more
- Announces incoming caller's name (PBAP) and lets you say "Answer" to accept the call or "Ignore" to decline
- Separate power, mute, and volume buttons provide easy access and control
- Magnetic, snap-fit connection makes charging quick and easy
- Check your headset's battery level from your iPhone or use the MyHeadset™ or Find MyHeadset™ app to show meter on your Android™
- Comfort-tested, balanced design lets you put it on and forget it's there
- Update your headset language for voice control and more with MyHeadset Updater tool
- Top up your battery level on the go, with the discreet car charger
