

# PC 26 USB

Easy  
communication

The plug-and-play headset for easy internet telephony in Sennheiser sound quality on Macs and PCs.

The next-generation PC 26 USB combines single-sided comfort with all the convenience of an in-line volume/mute control and fully integrated soundcard.

- **Sennheiser sound** – integrated soundcard for excellent sound with virtually any computer
- **Noise canceling clarity** – with a noise canceling microphone, you never have to shout
- **Keep one ear free** – single-sided design keeps you in touch with your surroundings while you chat
- **All-in-one convenience** – no driver and no external soundcard adapter required
- **Easy volume control** – new in-line volume/mute control for quick and easy adjustment
- **USB plug & play** – simply slot in to make your call
- **Connect to any computer with USB** – compatible with desktops or laptops, PCs or Macs
- **Light and comfortable** – chat away for hours
- **Peace of mind** – with a 2-year international warranty
